

FUTURARC PRIZE 2011

1 September – 15 December 2010

FuturArc Prize 2010 attracted 800 registrations.

We expect well over 1,000 registrations for FuturArc Prize 2011.

It will be promoted on campus, through the FuturArc journal, BCI Asia research teams, Internet, media partnership at Green Building events, our database of 100,000 construction industry professionals and FuturArc readership.

FuturArc Prize has tremendous support from the industry. This is important to us because it affirms the value of what is being done. It also creates a broad coalition of NGOs, professional bodies and government agencies under the FuturArc umbrella, which gives these national players a regional platform.

FuturArc Prize 2010 Supporters

Thus, we hope to get your support for the coming FuturArc Prize 2011 to be launched in September 2010.

As a supporter your logo will be displayed on the competition website, posters and other collateral.

In return, please help us promote the competition on your organisation website via a direct link to FuturArc Prize 2011 at www.futurarc.com/prize2011.
