---

11:45 – 12:15

**Green Star – Custom** - Jorge Chapa, Manager Green Star Development

Green Star is evolving. From a single rating tool in 2003, to a number of sector-specific rating tools, today, in the future Green Star will rate all building types. Learn about the process of how the GBCA is creating customized rating tools, and gain insight into the learnings and challenges of adapting Green Star to new sectors and businesses.

During this session, you will:

- Gain insight into the Green Star – Custom process and its applications
- Identify key benefits, challenges and limitations of Green Star – Custom
- Understand how Green Star can be adapted as part of customisation process.

---

12:15 – 12:30

**Morning Quiz**

Test your knowledge of the course content with some short and sharp questions.

---

12:30 – 1:15

**LUNCH BREAK & NETWORKING**

---

1:15 – 2:15

**Refining certification to help you succeed** - Orjan Lundberg, Director Green Star Operations

Learn how we're improving the certification process to help you achieve more cost-effective, easy-to-use and efficient Green Star certification.

During this session, you will:

- Learn about the improvements to the Green Star certification process and identify which improvements are relevant to your Green Star project
- Identify the support services and resources available that can support you through the certification process
- Understand how you can contribute to the continuous improvement of the Green Star certification process.

---

2:15 – 2:45

**Green Star – Interiors** - Jorge Chapa, Manager Green Star Development

Imagine a 'one size fits all' interior rating tool? Find out how Green Star - Interiors can assess an interior fitout of any building type - whether it's a hospital, school, shop or an office.

At the end of this session, you will:

- Understand the advantages of a single Green Star rating tool
- Know how Green Star – Interiors works with Green Star Design, As Built and Performance rating tools
- Understand why the proposed changes will result in a simple and easier to use rating tool.

---

2:45 – 3:15

**AFTERNOON TEA BREAK & NETWORKING**

---

---

**3:15 – 3:45**

**Green Star - Communities** - Adam Beck, Manager Sustainable Communities

Attend the complete guide of everything you need to know about Green Star – Communities. Gain an overview of the Green Star – Communities project to date, a preview of the PILOT rating tool and its key credits, and insight into the proposed certification process. Take part in an open forum to have all your questions answered about this much-anticipated project.

During this session, you will:

- Learn the principles underpinning the Green Star – Communities PILOT rating tool;
- Identify the key steps of the proposed certification process; and
- Understand the benefits of certification under the rating tool and its value to development projects.

---

**3:45 – 4:00**

**Afternoon Quiz**

Test your knowledge of the course content with some short and sharp questions

---

**4:00 – 5:00**

**Green Star Exchange**

This 360 degree forum on the day's discussions is your chance to turn the tables on the Green Star team. What burning questions do you have about the future of Green Star?
