MEET LOCAL COMMERCIAL BUILDING OWNERS: networking and discussion

Adelaide 22 May, Brisbane 29 May, Sydney 31 May

Building owners, architects, engineers and developers together in the one room is a fantastic opportunity for local manufacturers to meet decision makers in the commercial retrofit market.

I encourage all manufacturers interested in commercial retrofit business opportunities to come along, develop their networks and hear what commercial building owners require to service their retrofits.

John Gaskin
Built Environment Supplier Advocate

NETWORKING & DISCUSSIONS

Key retrofit decision makers will participate in a facilitated panel discussion, followed by general networking. An Enterprise Connect Business Advisor and an ICN Consultant will also attend.

SESSION DETAILS
