

# Green Star Communities **Project Inception Checklist**

May 2014

**Project Inception Checklist**

The purpose of the project inception checklist is to ensure that project teams embed the principles of the Green Star - Communities PILOT rating tool into the early project planning activities.

**Example:**

<b>Governance</b>			
<b>Category / Credits</b>	<b>Implementation (Yes/No/Maybe)</b>	<b>Actions</b>	<b>Responsibility</b>
<b>Gov-1 Accredited Professional</b>	Yes	Ensure project team is aware of GSAP – Communities role and responsibilities	Project GSAP - Communities
<b>Gov-2 Corporate Responsibility</b>	Maybe	Establish/investigate framework for implementing Sustainability reporting.	Corporate sustainability consultant / COO / Applicants Quality Manager

Project teams may use the Project Inception Checklist below or their own checklists should they wish to include additional information. The information listed in this document should be included as a minimum.
